Hey Laura,

I was searching for a talented musician that was not only passionate about their art, but preferably someone who was experienced with wedding etiquette and professional in their business conduct. Laura Gallucci played exquisite violin music at our wedding June 2014, during our outdoor ceremony by the ocean, and we could not have been more pleased- as were all of our guests! She not only was prompt and considerate to do business with, but she worked diligently with me to personalize a repertoire of music, specific to our taste and timeline. She made us feel at ease during all the hectic planning, and successfully helped to make our day even more special. I would recommend Laura to anyone, and am confident that she can make other's weddings as memorable as ours. Many thanks!

Thank you again Laura, and enjoy the rest of your summer!

Autumn Staples
