**Subject:** **October 15th wedding**

Dear Laura,

Thank you so much for being such a special part of Jennifer and Scott's wedding. I can't believe I didn't get the chance to meet you before or after your musical arrangements. The entire wedding is somewhat a blur, so much detail to attend to with table decorations, etc. Time with photos prior and the quick wedding and exit caught me inside with guests and never thought to come back out until well after you had left. I think pulling the cocktail hour inside completely changed things. I realize I never saw the beautiful estate after dark from the gazebo. I really think I must have been in a daze the entire time everything just happened so very quickly. Although windy and on the cold side, I was so excited to wake up to sunshine. It turned out to be a glorious weekend for the many out of state guests. So many guests were from Florida, Virginia, New York (and even London and Seattle). What a wonderful gathering of all their friends and our wonderful families. Thank you to both of you for your wonderful music, making Jen and Scott's wedding so very special.

I do hope to meet you sometime – perhaps another wedding or a trip to hear you at the Bangor Symphony. Enjoy the fall.

Best wishes,  
Susan Ferris
